Dear Chip,

My new book is to be published.

While I have no idea what will be done to promote it, I think it would be good to have what I do not have, pictures of those files in the basement.

Can you please get me some prints from what your people filmed there showing as much as they can of the extent of the files?

If you can, thanks.

I also hope that you can send me a print or prints from the Zapruder film after Frame 334, showing the back of the head intact, etc.

Remember, in our law suit I got the right to use them for research, for other than commercial purposes.

Hope all is going well with both of you.

Our best,

Harold
